HiBob

“When introducing a platform like Bob, you want people to engage with it from day one. But that's just unrealistic. You've got to win the hearts and minds of people with something like this. Changing a mindset and ways of working can make people uneasy. So, you just need to be patient...We're not just doing it to make our lives easier or to tick boxes. We're doing it with the whole culture of the organization in mind.”

Caron Streeter | Head of People, Fulham F.C.
